

Fun With CATS

Fun With CATS will be published occasionally until CATS is able to resume playing tennis. It's a way of keeping in touch with each other and remembering how much fun we have on and off the court. We'll look at photos of past events, share news about members or information about tennis instruction—anything we can think of that's fun and relevant to CATS! If you have suggestions, please contact Jim Vahey at jimvahey@sbcglobal.net.

This first issue of *Fun With CATS* shares a timely offer for online tennis instruction videos with coaches from around the world. The offer is good only **through May 15**, though, so think fast! The message below came to CATS from one of McFetridge's most popular tennis coaches, Jon Castillo, but other tennis instructors may be offering the instruction package also. If you have questions or would like to purchase the package through Jon, contact him at tenniscorefitness@gmail.com.

Here's what's up, we have teamed up with the tennis industry (USTA, PTR, USPTA) to help promote a project for tennis coaches around the country to help them financially. The COOL thing for you is that they are giving an incredible offer of more than 30 online tennis instructional courses from some of the best coaches from around the world. *As a matter of fact, I follow most of these coaches and have shared some of their insights and teachings with you.*

The total value of the course IF purchased separately is nearly \$4000, however, all you'll have to pay is \$99 bucks. **The best part is...100% of the money from this project comes here to our club, specifically, to help our pros that have been unable to teach and/or coach.**

In fact, McFetridge is allowing the teaching pros to collect the money directly. So, it is truly 100% going to help our teaching pros. *If you are interested in helping your coach, respond directly to the coach who sent this email to you.*

You can learn more about these courses and the opportunity to help your coach at the link below:
